DEMOCRATS, AROUSE!

Let no Democrat in Adams county magine that because there are apparently no National or State issues of vital interest involved in the present contest, it is therefore an unimportant one. It is not merely a question of the election or defeat of candidates for the Legislature and County officers that is before us. That was really the secret of the movement It fell through, however, thanks to the votes of ALL the Democratic members of the House, with a few of the more liberal among the Opposition. When the bill came up for final action, Mr. Gritman, a Democrat, moved to postpone the further consideration of it, and on his test question the vote was as follows:

COCHRAN'S EXTRA PAY! THOMAS E. COCHRAN, the Opposition andidate for Auditor General, once represented York county in the Senate of Pennsylvania. During the session of 1839, when he was a member, the Legislature adjourned without passing an important bill, and the Governor of the Commonwealth re-assembled that body on the day following its adjournment. Meeting at the appointed time under the call of the Executive, the Legislature adjourned from the 17th of April until the 12th of May, taking a recess, and returning to their homes, for a period of twenty-five When the body again met, they remained in extra session until the 12th of June; and during that session the members voted to them lives pay, not only for the extra session, but also for the recess of twenty-five days whilm they were at home attending to their own businers. Although Mr. Cochran voted against the resolution giving pay for the recess, yet, 'notwithstanding his beroic remoustrance, when the bill was passed, he onietly received the full salary, and Pocketed the Insult." The following letter from the Chief Clerk of the Treasury Department, written and pul-

tion in 1840, fully establishes this fact, which is not "known to every one:" Treasury Office of Pennsylvania, September 21st, 1840.

John W. Forney, Esq.

DEAR SIR,—Yours of the 19th inst., enquir ing Whether Thomas E. Cochran drew pay as a member of the Senate, from your dis-trict, for the period intercening between the regular and extra sessions, is received. In reply, I can say HE DID; he drew for the extra session, one hundred and seventy-one dollars daily pay, and seven dollars and fity

cents for mileage.
Yours respectfully,

Chief Clerk. It is an old saying that "curses, like little ickens, always come home to roust," and t the Opposition leadors will find out the truth of this adage before they are many weeks older. Reducing the Debt.

Col. McClurk is trying to make captal out of a reduction of the State debt. Now, the Colonel pays his State taxes like other people, and that is all he contributes to the reduction of the State debt. He pays his share, and no more, and he is entitled to precisely the same credit that every other citizen of the Commonwealth is entitled to. It is not he who is paying the State debt. It is the people who pay the taxes-all the taxpayers, and not any one of thom .-Valley Spirit.

AN ANCIENT MONSTER — The people of South Jerssy have recently exhumed from a mari bed the skeleton of an animal, which must have been of the kangaroo species, of monstreas size. Its hind legs must have been seven feet long; the entire length of the animal, tail included, at least twesty-five feet. The head was small aid its neck thin; its teeth about two feet long, and so arranged as to form the words, "Buy your clothing of Samson, opposite the Bank, Gettysburg."

Jacob Klunk, Esq., then made a short especial with high satisfaction, H. J. Stable following, consuming about an hour in discussing the issues of the crowd, and his remarks were received with midray cheers. The meeting then adjourned, amids the highest enthusiasm. Old Mountpleasant is waking up!

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, dis ordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers

their children." Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and our the surface, cruptions or sores. This foul cor-ruption, which genders in the blood, depressed the energies of life, so that scrofulous constituthe energies of life, so that scrofulous constitu-tions not only suffer from scrofulous com-plaints, but they have far less power to with-stand the attacks of other diseases; conse-quently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which de-cimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or and, indeed, of all the organs, arise from or

one aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise, Such a medicine we supply in

It is com-bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only spraful but also there were not only serofula, but also those other affec-tions which arise from it, such as Reuprive-and Skin Diseases, St. Anthony's Free, Rose, or Envirence, Pinples, Pustules, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and Salt RHEUM, Scalb Head, RINGWORM, and Salt RHEEM, SCALE HEAD, RINGWORM, RHEUNATISM, SYPHILITIC and MURICHIAL DISCASSE, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITLATED OR IMPURE BLOOD.
